

Got Your 6

"I got your six, you got mine—We're stronger together"

Vol 4, Summer Edition

WELCOME TO THE FOURTH EDITION OF GOT YOUR 6, OUR NATIONAL STAND FOR SECURITY NEWSLETTER.

As of today, more than 65,000 security officers have joined the team, formed a union and are winning better pay, benefits, respect, training and then some.

We are many security officers—white, Black and brown—across our nation. And we work for countless security companies. But, no matter who we are or where we come from, we are one team fighting to make this industry better.

I got your six, you got mine. We're stronger together.

▶ NEXT UP!

This Month, Sacramento Security Officers are Bargaining New Union Contract – Fighting for Dignity & Better Pay

Right now, hundreds of Sacramento-area security officers are working together to bargain a new union contract that includes the improvements they need for themselves & their families.

Meet officers Richard Podnar & Dante Butler:

"My goal during these contract negotiations is to get these employers to prove that they value their officers as much as they value their profit margins."

—Officer Butler

"I enjoy being a part of our future as a security officer negotiating for the dignity, integrity and professionalism of my fellow officers. I am convinced that our renewed contract will be beneficial to our employers as well as the security industry as a whole."

—Officer Podnar

▶ WE ARE WINNING!

Chicago Security Officers WIN Union Contract with MASSIVE Wage & Benefit Increases!

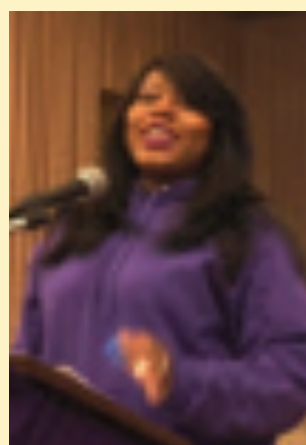

"Officers are trusted with keeping billion-dollar buildings safe. We hold up our end of the bargain. It's time the companies know officers deserve security too — and we are going to send that message loud and clear."

—Officer Cachella Hurd.

Chicago Area security officers overwhelmingly ratified their new 3-year contract with record wage & benefit increases.

Security officers will now receive **\$7,488 total increases in new wages, \$1,560 increases in new health & welfare benefits & increases to their pension** over the life of the union contract.

This means a brighter future for **1,300 BOMA security officers**, their families & the communities they live in. And they aren't done yet!

Meet security officer Cachella Hurd. She has worked security in the Chicago area, both armed & unarmed, for over 16 years. She currently serves on the union executive board & is fighting for all Chicago officers to win the fair pay & respect that is long overdue.

Meet the Crew!

Meet Some of the Security Officers Behind the STAND FOR SECURITY Facebook Page!

The 'Officers Watching Your 6 Committee' is a group of Security Officers dedicated to building our nation-wide community of officers who believe in better pay, affordable healthcare, solid training, respect at work and the ability to join together in a union to make these improvements.

The fun memes, news articles, how-would-you-handle-it scenarios and other information important to our industry is largely provided by this group.

Make sure to visit our Stand For Security Facebook page and look for our group!
